"BEAUTS" AND ARMY WILL PLAY BALL GAME TODAY

AFTER REGATTA FANS CAN GO TO ATHLETIC PARK
AND SEE SOME GOOD SPORT ON DIAMOND—ORIGINAL BEAUTS TO PLAY.

This afternoon at the Athletic Park the baseball fans will be able to see a real good game of ball and the original Barry Beauts will once more be seen in action. Their opponents will be the picked Army nine and the resulting struggle should be a beauty. Sergeant Barry has arranged for a strong bunch of players to be on hand, and from the facts the best possible nine will be selected.

The Beauts for a long time, were invincible, and it was only last season when the N. G. H. team was organized that the Hospital Co.—otherwise known as the Beauts—were defeated. Today the original team that beat everything they went on against last year, are once more together, and the Army nine will have to be very strong to have a chance against the Barry bunch.

The regatta has taken up all the morning and most people have been congregated on the waterfront all the forenoon. As soon as the rowing races are finished the crowd will, no doubt, wend its way to the Athletic Park, where at half-past three o'clock the baseball game will start. It was a fine idea of Barry's to suggest the oldtime Beauts going up against the Army, and there is no doubt that the park will draw many hundreds of people after the races on the harbor are past.

Louis Soares, perhaps the best catcher in the Territory, will have the big mitt on for the Beauts and, as Johnnie Williams, Lota and Freitas are on the team, there will be no lack of pitchers.

For the Army, Bell and Robinson will form the battery, and the pair will, no doubt, do good work. Bell seems able to stop anything that comes his way and when he is pitching in good form he is a dandy twirler. Robinson always catches in fine fashion, and he knows how to throw his pitcher also. The two soldiers are right onto their jobs, and should make the Beauts look to their laurels.

En See will be a star performer and if at his best the fans will be treated to some stirring base stealing for sure. The Chinese lad is a dandy and the way he flies over the intervening space between the sacks is a treat to see.

The park diamond is in good condition once more and the weather seems to be settled at last. The fans are eager for ball and as the Oahu league does not start up its second series till Sunday week, the followers of the game should grasp the opportunity afforded by the Army and the Beauts.

Sergeant Barry is now working in the Custom Service and he has not so much time to devote to baseball. Still he keeps in touch with the great sport and when it was found that there was nothing doing on the various diamonds this afternoon Barry jumped in in his usual whole-hearted fashion and arranged the game quickly. McCall of Fort Shafter is a great sport, too, and he was not slow in

getting to work on the proposition of getting an Army team together.

The fans should roll up in force this afternoon and the grandstand and bleachers should be packed with a real holiday crowd of fans. The Athletic Park fans have not seen the soldiers in action for some time and they should grasp the opportunity of seeing the defenders tackle the invincibles.

BOAT CLUB DANCE SET FOR TONIGHT

Affair Promises to Be Fine and
Big Crowd Will Attend.

Tonight at the Young Hotel the regatta dance will be held, and all good members of both clubs and all the friends of the Healanis and Myrtles should be on hand when the first strains of the initial two-step are heard.

The affair promises to be the best ever, and all the girls of the city who are fond of dancing should see to it that their young man buys a ticket that will admit the bunch.

Great preparations have been made for the dance, and it promises to go with a swing that will keep the fun up till well into Sunday morning. When the last dreamy waltz is played, everybody will want "just one more." And the probabilities are that "just one more" will be ladies out for sure, and then the final goodbyes will have to be said, and next year's dance will have to be looked forward to.

E. O. HALL CUP TENNIS

The E. O. Hall Cup tennis tournament will commence next Thursday, September 22. In this tournament the Beretania, Pacific and Neighborhood courts will be used.

NEW ELECTRICAL STORE.

An electrical company under the company name of the Honolulu Electric Co. is the latest business venture in Honolulu. H. S. Matinez, an experienced electrician who has been employed in Honolulu for the past year, has been selected as the manager. The company will carry a complete stock of electrical supplies, do wiring and repairing, besides making regular monthly inspections of motors at a nominal charge. As there are many of these independent electrical companies in the larger cities this one points the way to how metropolitan Honolulu is growing. There is every promise of success for this company. The electrical store is located on Alakea street, near Beretania.

An official estimate places the number of dairy cows in the United States at 21,000,000.

More than \$50,000,000 worth of soap is made and sold in the United States every year.

BILL PAPKE PASSED THROUGH ON WAY TO FAR OFF AUSTRALIA

"Well, say, this is a fine-looking burg," remarked Billy Papke as he stepped off the Zealandia last night. "We could see a lot of the city nestling up among the trees as we came in," added Mrs. Billy, who is a charming young woman and still in the honeymoon stage. The third member of the Papke party was a fine-looking bull pup, which, in the insinuating manner of all young pups, waddled over and began to lick the hand of a Honolulu man who was standing in a trance. It was Mrs. Billy who had hypnotized the gentleman from Oahu, and he could not be blamed, for the lady is a dainty piece of beauty—but, say, this is not sport dope, and that is what the crowd wants.

Billy Papke strikes one at once as being a clean-living young man, and one who looks the world very straight in the eye. He is about Dick Sullivan's height and is of a sturdy build. Dressed in a light grey suit with a becoming hat on his head, Papke looked more like the average Honolulu young business man than a pugilist.

"We had a great trip down," said Papke last night. "My wife"—you should have heard the evident pride with which the word "wife" was used—"is a good sailor, and I was all right after the first day or so. As far as our Australian trip goes, I don't know what men I'll meet in Sydney and Melbourne, but it does

not matter much, as I will be there to take on all comers. Mr. Andrews is looking after all our business affairs on behalf of Hugh McIntosh, who went to England in order to pick up some boxers to take to Australia and match against the members of our party.

"There are four men in our party, and they are Cyclone Thompson, Ray Bronson, Jimmie Clabby and myself. We will be matched with English and Australian boxers and will be kept busy."

The Zealandia reached port last night too late for any arrangements to be made for an exhibition in this city. The Papke party, therefore, took things quietly, and beyond going for car rides after dinner, did nothing much. The Canadian boat pulled out at noon today, and the most conspicuous object along her deck was the neatly-clad figure of the man who should hold the mid-dleweight championship, and who would it Stanley Ketchell would only come to the mark and fight.

W. P. Corbett of the Sydney Referee is also a member of the party. The well-known sporting writer is returning from the States, where he went to see the Jeffries-Johnson "fight" (7). Corbett always thought Johnson could win, and never hesitated about saying so. He passed through Honolulu in company with Tommy Burns, Bill Lang, Bob Fitzsimmons and the other bunch that went to see the big fight.

FORT SHAFTER NEWS

It has been rumored about that within a short time Fort Shafter will be made into a regimental post. This will not only mean a great deal to the little battalion post now stationed on the hill three miles out of the city and directly over Moanalua Park, but to Honolulu itself. To station twelve companies instead of four at this post will necessitate a great change in the condition of the land as it now lays.

The rice field that now lays Waikiki way from the Post up the Honolulu-Pearl City road will no doubt be filled in and converted into a parade ground for the regiment. The ravine which divides the post and the Kalihi plateau will probably be tunneled and filled up which will make one vast area of about two hundred acres of serviceable government property. The street car line which now terminates in Kalihi, will undoubtedly be extended to Moanalua Park, running directly past the Post.

Military Ch.
When Hawaii becomes a department of itself then Honolulu can properly be called the Military City. Instead of some two hundred soldiers crowding into the city there will be nine hundred more or less, from Fort Shafter alone. This will mean that nearly \$15,000 will pass through the hands of soldiers of the Infantry branch alone into circulation to enrich the bank accounts of the business men of Honolulu. Then too the officers that will add to the society

and will be of no small number. Honolulu's military sociability will make it the Society City of the coast.

An Attraction.

Fort Shafter will then be an attraction to tourists passing through the city. The post is now one of the best of the Island of Oahu and attracts such attention. The making of a department of Hawaii should be heartily advocated by all.

Taking Check.
It has been customary for non-commissioned officers in charge of quarters heretofore, at the sounding of call to quarters to start through the barracks taking check. Orders have been issued stating that the man in charge of quarters will not start to take check until the sounding of "taps." In doing this it gives the men fifteen minutes more than they have had in the past to make check, and missing check means punishment of some sort.

Orderlies.
Privates Frank Smith, Company G; Long, Company F; and Snapp, Company H, have been selected as dining room orderlies for officers during the instruction school at Fort Shafter. These men will stand no calls and receive a compensation for their work.

New Provost.
Sergeant McDonald of Company G has been detailed as overseer in the place of Sergeant Pettigrew. This position is temporary however, for Sergeant Pettigrew is with Company E in camp at the instruction camp and will be back to his regular duties in about a week.

Thursday Company F took their weekly practice march. They went out toward the polo fields in light marching order and had some field practice, returning to the post about noon, looking rather the worse for wear.

Last Thursday was the regular day for Company H to take their weekly one-day hike. They did not go however, but stayed home and around the barracks polishing up and making preparations for their stay up on the plateau. About 4 o'clock they marched up to the camp of instruction in heavy marching order and went into camp, where they will remain about ten days acting as model company at the school of instruction for the National Guard officers.
